

# Career North webinar programme - Summer 2021

Career North's 30 minute live webinars are packed with information and top tips for students, following the presentation there will be time for a Q&A. We have indicated which sessions are most appropriate for which year group, however there may be students in other year groups and parents who may want to attend. Each webinar will be accompanied by a power point and a Career North Toolkit leaflet which provides a summary of the webinar & top tips, which can be uploaded to your school website with the recorded webinar.
