PSHE and Citizenship

Date of policy: December 2015

Review date: February 2017

At Holy Family Catholic High School we aspire to provide our pupils with a foundation for personal development in preparing them for adult life. PSHE and Citizenship Education is important in combating the social exclusion of any student, with the capacity to provide all young people with the skills and attitudes needed to react positively to the pressures of modern life. Students develop knowledge, skills and understanding in the following areas:

- developing confidence and responsibility and making the most of their abilities
- developing a healthy, safer lifestyle
- developing good relationships and respecting the differences between people

Aims

The aim for PSHE and Citizenship education at Holy Family Catholic High School is to provide students with:

- accurate and relevant knowledge
- opportunities to turn that knowledge into personal understanding
- opportunities to explore, clarify and if necessary challenge, their own and others' values, attitudes, beliefs, rights and responsibilities
- the skills and strategies they need in order to live a healthy, safe, fulfilling, responsible and balanced life.

Teaching and Learning

The programme will be taught through a range of teaching methods to give students relevant information, to enable issues to be explored, and to acquire appropriate skills.

PSHE and Citizenship is delivered by a team of dedicated teachers. When appropriate we consider using external agencies to work in conjunction with a specific area/topic on the Scheme of Work.

All resources are provide to the team and are user friendly with detailed lesson plans and guidance on the delivery.
