| Recommended reading list | https://resources.wjec.co.uk/Pages/SearchResources.aspx This website is linked to the WJEC course and some good resources that you can be working through with activities |

We recommend you use Cornell Notes to prepare for your new course. Please see these videos to help you develop the technique:

Your Task:

Using the information on the next page you need to produce either a powerpoint or creative posters on these issues. Both will need accompanying notes to support this.

Your poster/powerpoint can be as creative as you want and make this both eye-catching and informative.

Your notes will be more detailed these can be hand-written or word processed.

Please also ensure that you have a look at the websites I have suggested as a minimum and familiarise yourself with them, such as VisitBritain is an excellent resource and we use this a lot. However, you need to be able to navigate through this so have a play around with the site and see what you can find.

Transition work to complete:

Unit 3 - Discuss issues facing the global tourism industry:

Emergence of new markets e.g. China and India and how they are attracting more tourism, how do they provide for these tourists?

Terrorism – How do countries manage the safety of tourists?

- Think about security checks at airports – can you find information about this?
- Why is this an issue (think about delays at airports etc). Cost to the country with police presence etc.

Epidemics and Pandemics –

- Covid19 (Coronavirus) is a pandemic that is affecting countries on a global scale. How has this affected tourism in destinations such as China, Italy, France and Spain and the UK in particular
- Use the recommended online learning links for these, there is a lot of information. Can you find any numerical data to show how much income countries are losing due to lack of tourism?
- Has it affected Airlines, have any gone bankrupt?

Impacts of LEDC's – this are less economically developed countries

The link below shows a list of LEDC's

https://www.un.org/development/desa/dpad/wp-content/uploads/sites/45/publication/ldc_list.pdf

Places such as Nepal are of an interest to tourists who want adventure holidays

<https://www.welcomenepal.com/>

Other places include Kenya & Bali

What are the negative impacts of tourism to these less developed countries? How does the country respond to them, are there positives to the tourist industry as well?
