Average scaled scores for KS2:

Reading: 101.8

Maths 99.6

GPS 104.2

National headlines:

In **reading**, 74% of pupils reached the expected standard in 2024, up from 73% in 2023. This figure has fluctuated between 72% and 75% since 2017.

In **writing** teacher assessment, 72% of pupils reached the expected standard in 2024, up from 71% in 2023. Before the pandemic, in both 2018 and 2019, this figure was 78%. Attainment in writing is not directly comparable to some earlier years (2016 and 2017) because of changes to writing teacher assessment frameworks in 2018.

In **maths**, 73% of pupils reached the expected standard, unchanged since 2023. Before the pandemic, this figure increased from 70% to 79% between 2016 and 2019.

Attainment amongst reading, writing and maths was lowest in writing, as in 2023. Before the pandemic, with the exception of 2018 where it was the same as maths, attainment amongst these three subjects was lowest in reading.

In **grammar, punctuation and spelling**, 72% of pupils reached the expected standard in 2024. This remains unchanged since 2022, **where it was the lowest figure since new assessments were introduced in 2016.**

In **science** teacher assessment, 81% of pupils reached the expected standard in 2023, up from 80% in 2022. Before the pandemic in 2019, this figure was 83%. Attainment in science is not directly comparable to some earlier years (2016, 2017 and 2018) because of changes to science teacher assessment frameworks in 2019.
