

Remember
we
learned:

- Year 2 – continents of the world
- Year 3 – 8 compass points
- Year 3 – oceans around the world

Year 4

Human and Physical Geography

Volcanoes and Earthquakes

Later, in
Y6, you will
learn:

Year 6 – I can locate
places studied in
relation to the
equator, the tropics of
cancer and Capricorn,
longitude and
latitude

Understand:

1	Locate volcanic and earthquake prone areas in the world
2	Understand that an earthquake occurs when the earth's crust moves
3	Understand the impact of earthquakes on a place
4	Understand how a volcano works
5	Understand the impact of volcanoes on a place
6	Understand how people adapt to living near volcanoes and earthquake

Can you remember?

What are the continents?

Can you recall the points on a compass?
