

Remember
we
learned:

- Year 2 – continents of the world
- Year 3 – 8 compass points
- Year 3 – oceans around the world

Year 5

Human and Physical Geography Trade Links

Later, in
Y6, you will
learn:

Year 6 – I can locate places studied in relation to the equator, the tropics of cancer and Capricorn, longitude and latitude

Understand:

1	To know that products we use are imported as well as locally produced. (Relate this to time zone, climate, seasons & vegetation)
2	To use atlases and maps to locate countries where products originate (consider reasons for major trade).
3	To understand how food production is influenced by climate.
4	I understand what is meant by the FairTrade logo and its principles.
5	To understand what products are made in Blackpool (Fylde Coast)
6	To understand how trading has changed through history.

Can you remember?

What are the continents?

Can you recall the points on a compass?

What are the longest rivers in the world?

Year 5 retrieval questions

1. Can I sort foods that are UK grown or imported?
2. Can I share some items that are created in Blackpool?
3. Can I locate the Equator on a world map?
4. Enquiry Question: Why is Fair Trade important? How could you persuade someone to buy Fair Trade?

Key Vocabulary

- economic activity
- trade (including fair trade)
- Equator
- distribution
- resources
- renewable
- globalisation

The UK also **exports** many products to other countries.

Can you think of any products the UK exports?
