SCHOOL MUSIC DEVELOPMENT PLAN

COMPLETED BY: RUTH MALLINSON

DATE: MAY 2024

This template supports the DfE vision set out in the refreshed [National Plan for Music Education 2022](#) for all schools to have a published School Music Development Plan by September 2023.

It is intended to support School Leaders and Music Curriculum Leads to build upon their music offer and track improvements for music in their school.

The template is optional. If you have a plan, you do not need to do another one.

It will enable schools to evaluate their current music provision in the 3 focus areas identified within the National Plan for Music Education and to consider where these areas can be improved or developed.

The resulting Action Plan should be a “live” document to be reviewed and adapted termly.

Using this template

Who should complete it? To set out the best vision for your development, we recommend that it is completed by the Music Lead along with a member of SLT. This will enable understanding to set realistic development actions for the subject. An appendix of useful questions for discussion is provided at the end.

- 1) Each section starts with Evaluation:** You should make a “best fit” evaluation of the school’s current musical outcomes and practices. There is space for you to detail further how you determine this best fit. You can choose from the following options:

Not yet in place	Emerging	Established	Embedded
Needs priority support and development	Not yet fully in place, further development required, not yet sure of impact on outcomes, needing some support.	Effective in driving good outcomes for pupils, a strength of music in our school; some development may be required to maintain momentum or make further improvement	Highly effective in driving good or better outcomes for pupils, a real strength which our school would be willing to share with others.

2) Setting Actions: The process is only useful if you set out some deliverable actions. You can detail actions in the boxes below each category. Five spaces have been provided but 1 or 2 would suffice to build your action plan.

Area	Set your school some actions here		Review date	Status
Curriculum	1			Yes
	2			In progress
	3			No

3) Review: You should review the actions you have set out, with your SLT, at least once in-year. Following the review, you can choose from the drop-down menu which will RAG rate your progress (as above).

The Appendices in this document highlight some useful resources and Appendix 2 may be used in your school's induction processes. It can also be used to audit the musical skills of staff within your school. This does not form part of your School's Development Plan but may highlight actions which could help to realise your school's musical vision.

Focus area 1: Curriculum

	Not yet in place	Emerging	Established	Embedded
--	------------------	----------	-------------	----------

Curriculum	<p>Music is delivered 'ad hoc' and not in every year group. Some groups of students are unable to access the music curriculum.</p> <p>Progress over time is not measured or celebrated.</p> <p>There are limited resources for teaching.</p>	<p>Music is a timetabled subject, with schemes of work and assessment in place. All students are able to access this curriculum in all year groups.</p> <p>Students engage with schemes of work and build areas of musical interest and growing skill.</p> <p>Pupils with additional needs are able to participate and engage with music-making.</p> <p>There is adequate teaching space and resources available.</p>	<p>The music curriculum is at least as ambitious as the national curriculum. Curriculum sequencing is clear.</p> <p>Good progress is demonstrated by secure and incremental learning of the technical, constructive, and expressive aspects of music, developing musical understanding.</p> <p>Pupils with additional needs are able to participate and progress well (supported by technology, tools and adapted instruments).</p> <p>Space and resources allow breadth of curriculum for all students, including music technology.</p>	<p>Curriculum goes beyond level of the national curriculum, seeking to address social disadvantage by addressing gaps in knowledge, skills and experiences (i.e. concerts, live events).</p>
