We follow in Jesus' footsteps

This Sunday is the Feast of the Holy Trinity, we know that God loved the world so much that he sent his only Son, Jesus, into the world so that we might have eternal life. God loves the world - all the people, plants, animals, birds, earth and everything else in it very, very much. And God wants us to love the world too.

We are called to show our love for the world and for all the people who live in it, for all the birds, flowers, trees and animals, for everything that God has created. I know that the children of Holy Family school are keen activists and are keen to make a difference - this is something we will continue to encourage over the coming years through our curriculum.

The staff of Holy Family school are very much looking forward to the time when we can safely open our school more widely and welcome the children back. We will be in touch with parents via our school website once we have further information for you.

As we approach the end of this school year we say goodbye and good luck to Miss Davies who currently works in our Year Two class. She has been a much loved teacher at Holy Family school for twenty-three years and has worked so hard over the years for the benefit of many children and families in the community. We wish her every happiness as she embarks on the next stage in her career. She will always be considered part of the Holy Family family.

Howdy Folks!

Well I really am missing you all now! I'm sure you are missing all of your friends and teachers too - don't worry just keep being really good for your parents and keep up with the homework. My human mum keeps saying how important it is for children to know their times tables and to read every day and how she will be delighted if children have continued to work every day. She's even taught me how to count - by lifting up each paw (I hope you are impressed)! I'm just having a little snooze in the photo.

Take care everyone - woof woof woof woof woof
