

These activities and ideas are based around the book "Superworm"

By Julia Donaldson.

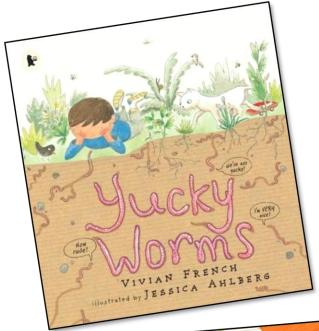

All activities could be done without the book!

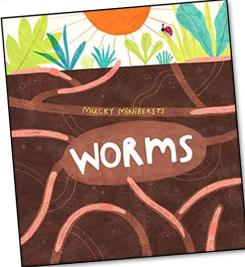

Reception

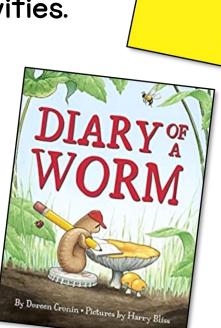

Will Mabbitt

Starting with a Story

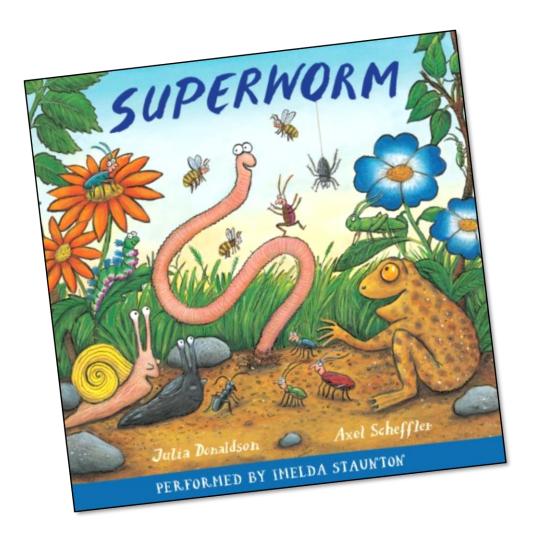

Other stories to support our Super activities.

Worm number lines!

Superworm is super Long!

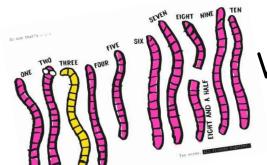

But how long is he?

Let's look closely at worms!

Let's draw worms like in

"I can only draw worms."

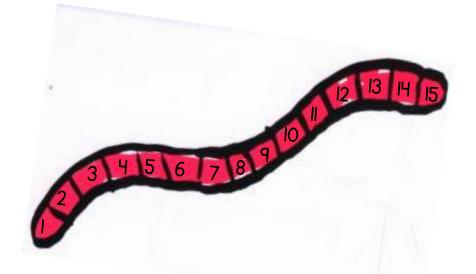

Talking Together

We can see the worms he draws look a bit like our number lines at school!

Draw your worms but start at different numbers!

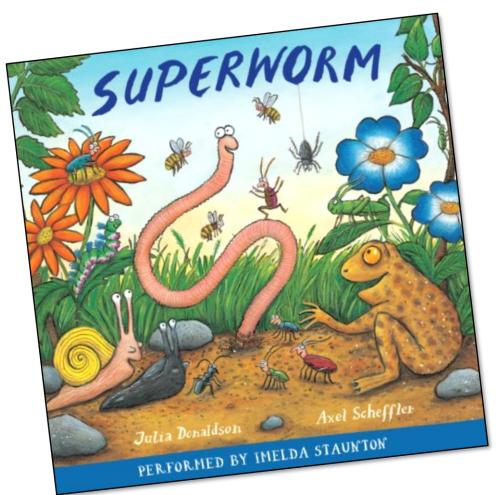

Counting backwards! Now try your worms counting back!

Talking Together-Learning through Play

A helping hand to where our activities link in our schemes and the EYFS.

Reception - Notes and guidance

Summer Progression

Development matters 40-60

Uses the language of 'more' and 'fewer' to compare two sets of objects.

Says the number that is one more than a given number.

In practical activities and discussion, beginning to use the vocabulary involved in adding and subtracting.

Records, using marks that they can interpret and explain.

Begins to identify own mathematical problems based on own interests and fascinations.

Early Learning Goal

Children count reliably with numbers from one to 20, place them in order and say which number is one more or one less than a given number.

Using quantities and objects, they add and subtract two single-digit numbers and count on or back to find the answer.

They solve problems, including doubling, halving and sharing
