

SCHOOL OF STOKE CITY

CHANCE TO WIN A SQUAD SIGNED SHIRT!

Introducing the School of Stoke City. Activity packs to keep Junior Potters entertained. Each 'lesson' will be Stoke City themed with the chance of winning a squad signed shirt.

Simply email your work to promotions@stokecityfc.com for the chance to win. Lucky winners might also feature on our official channels! Competition open to fans aged up to 11 years old. Winner of each lesson will be chosen at random.

MATHS LESSON

Exercise 1

Using the below sum, which Stoke City defenders shirt is in the box?

Exercise 2

In a 90 minute game Sam Vokes replaced Nick Powell in the 63rd minute. How many minutes is Sam Vokes on the pitch?

Exercise 3

If you count all the home and away players, referees and assistant referees how many pairs of football boots are on the pitch?

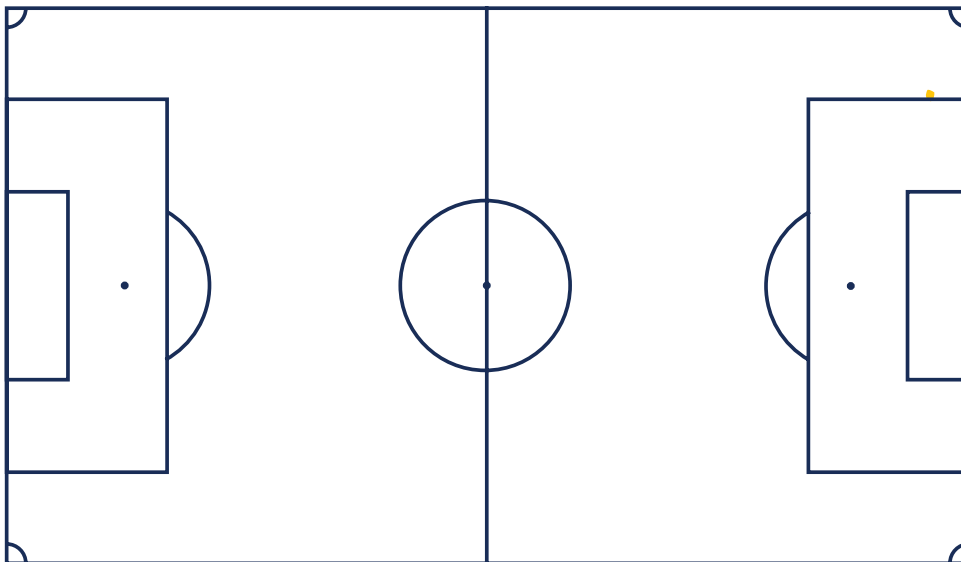

Need help getting started? There are 11 players on both teams, 1 referee and 2 assistant referees

MATHS LESSON

Exercise 4

Circle all the 90° angles on the below football pitch

Exercise 5

If a Stoke City player has played 60 games for the Club and won 75% of them, how many games has he won?

Need help getting started? To find out 50% half the number of games he has played...

Exercise 6

The same player has lost 10 games, how many games does that mean he has drawn?

Need help getting started? Add the games won together with the games lost and subtract from 60
