

The Howard Primary School

At the Howard, despite covid-19 we have kept the Howard running and we have been going on some fantastic trips.

The Wonderdome was an amazing experience where we learnt all about Space. It helped Class 3 learn more facts for our Space topic in science. Class 3 also did a spectacular timeline over at our sister school, Richard Crosse. It was very nice to see year 5-6 interacting with the rest of the academy. We also did a competition over 3 schools where we had to stop the egg from smashing from the top of some stairs. The children didn't have a lot of equipment to use so it was tricky but the Howard still competed it and we won!

Class 2 have been learning all about volcanoes in geography and English. They have also written a newspaper report on volcanoes. Year 4 have been going swimming on Friday with our wonderful teacher Mrs Vincent.

On the 7th of December 2021 the whole school went to a magnificent pantomime at Lichfield Garrick. Everyone loved watching Peter Pan. We had amazing snacks from our spectacular Friends of the Howard, thank you Mrs Embury.

Class 1 have been learning about how to catch Santa and designing their own pizza picture. They have also gone to the Snowdome which was an amazing treat for them. They were

throwing snowballs at each other and sliding down a big ramp whilst on an inflatable ring. They also got to see Santa!

It has most certainly been a memorable half term at The Howard and we are lucky to have these enrichment experiences. We look forward to what the New Year brings!

The Howard wishes you all a very Merry Christmas and a Happy New Year!

By Paige and Amelie.
