

# Key Instant Recall Facts

Year 1 – Summer Term 2

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **with speed and accuracy**:

I can find  $\frac{1}{4}$  and  $\frac{1}{2}$   
of a quantity

Children should be able to find a half or a quarter of a quantity, both using objects and using pictures or numerals.

Half of  is

Is this a quarter? Tell me how you know!

## Key vocabulary

half  $\frac{1}{2}$

quarter  $\frac{1}{4}$

equal parts

part

whole

## Top tips

The secret to success is practising *little* and *often*. Use time wisely. Can you practise this KIRF whilst walking to school or during a car journey? You do not need to practise all aspects of the KIRF all at once; perhaps you could have a fact of the day, or a few facts per week to practise? If you would like more ideas, please speak to your child's teacher.

## Practical resources and ideas

Using objects around the home, ask your child to share into groups of two or four to find a half or a quarter. You could also use money, e.g. 1p pieces. Count how many altogether first then share equally.
