Trainee Teacher

Have you been keeping up with the #TraineeTakeover over on the @NFTSchool Instagram this week? Don't worry if you've missed some, all stories will be highlighted under 'Trainee Takeover', in the meantime, use the nametag to make sure you're kept up to date.

Online Safety for families

As you may be aware, there have been a lots of media reports and press stories causing concerns about threatening 'challenges' linked to scary images. After a lot of research, guidance suggests that we do not perpetuate this scaremongering or publicity by mentioning particular names.

The general advice is to continue to raise the profile of e-safety and keeping safe online, discussing things that may upset our children online or what to do if someone tells or dares them to do things that they do not want to do.

We can help by telling our children about 'general' risks or dangers on 'any' app, game or site and how to combat this.

If you have any concerns or need help or guidance, then please do not hesitate to speak to a member of staff.

As an integral part of our curriculum, we constantly discuss and refer to staying safe online. Working together we can make our children social media/internet savvy.

Parent Handbook

The Trust has produced a Parent Handbook for all parents, new and old to our schools. We hope this will contain all the information you need when your child starts at one of our schools and act as a reference point for any questions you might have whilst your child is with us. The Handbook will be given to new parents as their child starts at our school, and can be found on our website. We encourage all parents to download a copy for information.

What the classes have done this week

Class 1: We have had another enjoyable week. In Maths, Reception have continued looking at addition whilst Year 1 have been looking at fractions. In English, we have continued to follow “Supertato and Evil Pea” on their adventures resulting in the children producing some fantastic writing. In topic we have continued with our Geography unit on Weather Patterns. Well done Class 1, keep up the hard work!

Well done to the children who are taking part in Balanceability. The trainer, Mrs Lucas, commented on the excellent behaviour and manners of all the children.

Class 2: This week, we have been reading and writing about “The Disgusting Sandwich” in English. We have been learning to measure weight in Maths and we have been learning about the Easter story in RE.

Class 3: It’s been another busy week!

We have been to Warwick University - we were able to: design steering wheels using CAD technology, use augmented reality to put our steering wheels onto our cars, see simulations for driverless vehicles and look into the reasons behind research into economic cars. The children's behaviour was exemplary and we all had a fantastic day - many thanks to Dr Allen and The University of Warwick. Also in ICT, Year 4 have been coding using different technologies. Class 3 also enjoyed World Book Day on Thursday - dressing as our favourite characters.
