

Jamf Parent Guide

Jamf Parent Guide

Jamf Parent is an app that allows you to manage your children's school-issued iPad. Using Jamf Parent, you can restrict and allow apps and device functionality on your children's iPad. This guide provides step-by-step instructions on how to use the features in Jamf Parent to manage your child's school-issued iPad.

Please Note: School-issued iPads will always remain managed by the school. Any restrictions applied through the Jamf Parent app are in addition to the school's existing settings and cannot override or remove school-managed restrictions, this includes the websites that are blocked by the school's filtering system.

When setting up Jamf, please use the Scan QR Code option on your mobile phone or tablet.

To access the Jamf Parent guide, please [click here](#) or scan the QR code below if you are viewing a printed copy of this document. Please ensure you follow the instructions for the Student App Setup, as this is the configuration used by our schools.
