Monday 11th July 2022

Yr 6 at Hothersall

Today our Year 6 boys have gone on their first trip of the week to celebrate the friendships that they have made and skills they have learnt, as well as learning a few more, during their time here at Inskip St Peter's.

Upper School Author Visit

On Thursday Morning we will welcome to our school our third author this year!

Andrew Michael Hurley's debut novel *The Loney* won the 2015 Costa Book Awards First Novel Award as well as the British Book Industry award for best debut fiction and book of the year. He is also the husband of our very own Mrs Hurley! His third novel *Starve Acre* has recently been filmed in Yorkshire for BBC Film starring Matt Smith. Despite not being a children's author we believe that his insight into how he develops his novels as well as how he builds tension and atmosphere on the page will be wonderful for our Upper School pupils to hear and use in their future work.

The Marquee is Up!

Our Marquee is up and ready for our end of year fun! It was already put into action at the Friends Pop-Up Party on Saturday night which was a roaring success, thank you very much to everyone who gave their time to erect the marquee on Thursday night and deliver and put out bales and tables and make it a lovely place to be on Saturday. Thank you to our Chair of Friends Becca Wright in leading the organisation of the party, our Friends will be around at our Sports Day on Friday so if you wish to know more about them and what they get up to please do go up for a chat, it's a lovely way to get to know people too.

This week we'll be using the marquee for our Year 6 leavers celebrations on Wednesday and our discos on Thursday as well as maybe some shade at playtimes!

Please read below to find out about all this week's activities.

Sports Day!

It's our **Sports Day** on Friday afternoon!

Please come along parents to cheer your children on! We have a round robin sports day where the children are divided between 9 groups and the groups travel around our timed activities amassing points as they go! Siblings are together so that parents don't miss any of their children's events.

We will start at 1.30pm and as parents are walking around with their children watching them at each event there is no benefit to arriving early as there's no best seats! Therefore when you get to school please make your way up the side of the school (where Upper School parents meet their children after school), **the gate** from there onto the playground **will be opened at 1.25pm**. Please bring yourself a bottle of water in case it's a hot day, you will be able to access extra water to fill both your own and your child's bottle up, please ensure they have theirs at school, we do not have spare water bottles. **All children should come that day wearing their PE clothes** with sun cream and hat if it's hot, there is no shade on the field where Sports Day is taking place, please take this into consideration. Our Friends association will be providing a treat for the children at the end so please bring a bit of cash in case you wish to join in too!

Year End Discos!

On Thursday evening it's our end of year **DISCOS!**

Children in **Lower School** should be **dropped off at 5pm** for their disco **and picked up at 5.55pm**.

Middle School and Upper School pupils should be **dropped off at 6.05pm** and **collected at 7pm**.

Please make sure that any adults dropping off or collecting from the disco know the following information:

- When dropping pupils off they should be brought up the side of the school (where Upper School parents collect their children each day) and **parents must wait** with children until the gate is opened at either 5pm or 6.05pm.
- Children should be collected at either 5.55pm or 7pm from the gate next to the carpark (where Lower School parents collect their children each day), if other adults to usual are collecting children that evening please make sure that you have informed us.
- Children do not need to bring any money with them to the disco, drinks will be provided.

Musical Concert

Middle School and **Upper School** will be performing a musical concert for their parents on **Thursday 14th July at 2:30pm**. If you are coming to watch the performance please come to the main door no earlier than 2.20pm. Entry will be for two people per family due to the size of our hall. Please consider bringing with you a bottle of water as our hall can get hot.

Come and Meet Miss Langley

We are very pleased to inform you that after a rigorous application process, the Governors have appointed a teacher to fill Mrs Humphries role in Upper School from September. I think that we have made a strong appointment and Miss Langley will fit into our Inskip school family very well. Miss Langley is able to come and spend next Monday and Tuesday with us which is great, she will be spending time with her new class and will also be around outside school at 3.30pm so year 4 and 5 parents please do come and introduce yourselves to her so that she can start getting to know you.

We will miss Mrs Humphries very much and are busy getting ready to ensure that she has a good send off. Miss Leyland.

School Website

Please take a look at our school blogs and see lots of the inspiring learning your children have been doing in class. Click on the title of the blog to open it in a new window. Please comment at the bottom of the blog posts your thoughts of encouragement for the children to read.

NEW—Online Safety Newsletters

Last week we mentioned about the new Monthly newsletters which contain up to date information about a wide range of games and apps, both for Primary age and older children.

Today we have attached a fantastic booklet about Parental Controls. This guide will help you set up parental controls to provide your child with a safer online environment. Parental controls can help to protect your child from seeing something that they shouldn't - although it is important to emphasise that no system is effective all of the time so it is important to engage with your child and talk to them about their online life regularly. This guide covers everything from home internet, consoles and Smart devices.
