In order for us to feel healthy and for our bodies to work properly we need to eat a balanced diet that includes all of the food groups below:

- **carbohydrates** from things like bread, cereal, rice, potatoes and pasta
- **vitamins, minerals and fibre** from fruit and vegetables
- **dairy** from cheese, yoghurt and milk
- **protein** from beans, pulses, fish, eggs and meat
- and not forgetting 6 to 8 cups of **water**, milk or sugar-free drinks each day to keep us hydrated

You can also turn to the back of the booklet for some useful resources to help you plan your meal times and keep you and your family healthy and well during lockdown.

## Family entertainment ideas

If you're looking for ideas to keep the family entertained over the holidays look no further!

### Outdoors fun

#### Scavenger Hunt

This is a great way to explore Medway and you can change your scavenger list depending on where you are visiting. Here are some ideas: brown leaf, a green leaf, a yellow flower, a spider's web, a smooth pebble, a squirrel, a woodlouse, a ladybird ...

#### Save the Planet!

For this you'll need a sack, gloves and a litter picker if you have one. Every year, 8 million tonnes of litter ends up in the world oceans. Why not separate the litter you've collected so it can be recycled? Find out more by searching for 'plastic free living' on [medway.gov.uk](http://medway.gov.uk)

#### Stick, stick, stick, stick, sticky, sticky, stick, stick!

Take advantage of the local woodland areas in Medway and gather the world's oldest toy – sticks, and lots of them. Find big branches and build dens or smaller ones and build homes for wildlife. Cover them in mud and leaves and make the camouflage complete!

### Indoors inspiration

So, we know the weather in the UK can be a bit unpredictable so here are a few ideas for those inevitable rain days.

#### Indoor caving

You'll need some chairs and tables or desks to create tunnels and some sheets or blankets to cover your construction. You could use pegs or ropes to hold things together. Hide some items in the caves for family members to find. Turn off the lights, turn on the torches and get hunting!

#### Kitchen disco

Dancing has been shown to lift our mood, raise our heart rate and release natural feel-good hormones into our blood stream. So, grab a whisk for a microphone, find your most sparkly shoes, put on your favourite party playlist and show off your best moves! Why not make it competitive and do a dance off competition too.

#### Indoor obstacle course

Why not create an obstacle course and film it so you can watch it once you're having a rest! Be as creative as you want with jumping over 'ponds of lava' or crawling through caves! For more great ideas for indoor play visit:
