Christian vision: 'Created to do Good' Ephesians 2:10

At Ireby, we are dedicated to creating a loving community for all, where all are celebrated as unique individuals and where passions and talents can flourish. We learn how God teaches us how to live our lives, how to grow relationships, accept others and use the words and example of Jesus as a foundation for all our learning.

Our writing policy supports our children's academic, social and spiritual development through studying a rich curriculum which enables all to flourish. Writing units are carefully selected so that we can teach our children dignity and respect allowing them to experience our world, learn from a wide range of people and participate positively in our communities.

Our Aim

To build children's English skills and knowledge towards specific '**end points**' at each key stage of their learning, and commit this learning to their long-term memory, enabling them to know more and do more and fulfil our Christian vision of being healthy, active citizens who can contribute positively to making our world a better place both during their time at Ireby and beyond.

English

Our Intent:

At Ireby we are committed to teaching our pupils to become skilled writers who develop a comprehensive understanding of words, language and texts as they move through our school. The development of language and vocabulary is central to success and the teaching of spoken language sits hand in hand with development of reading and writing across the curriculum. We nurture children's speaking and listening skills through a variety of approaches: exploratory play, story time, drama, debate and through collaborative learning approaches (see [progression in oracy](#)).

Our intent is clear from Reception and does not alter; our aim is to develop and nurture a love of reading and writing that will last a life time. We believe that through providing rich and meaningful literature experiences the children are consistently exposed to high- quality models of language, grammar and vocabulary across genres. This provides the children with creative opportunities to inspire them to write, read and learn.

Implementation

We equip our children with the skills to be able to write confidently by teaching our grammar skills through our writing lessons to give them purpose and an opportunity to see it modelled in real texts as well as through dedicated grammar lessons. Spelling is taught through a structured spelling scheme, Read, Write, Inc and supported by on-line learning resource, Spelling Shed.

English units are carefully chosen and sequenced to ensure a coverage of rich texts and genres. They support progression in reading fluency, comprehension and grammar which, in turn, support children's progression in writing.

These skills are embedded across all areas of the curriculum and high standards are maintained in all subjects.

Throughout our writing sequences we provide opportunities to write, edit and reflect on our writing. Our children are given many opportunities to write across the curriculum, supporting them to develop a love of literature and a good stamina to write. Genres repeat, and explore texts with increasing depth.

It is important that our children are confident independent writers which we foster by implementing a multitude of activities such as drama, peer talk, modelled and shared writing and use of multimedia to present work.

Grammar

Throughout Key stage 2, the teaching of grammar is integrated into our teaching of English. As genres and texts are explored, so we take time to understand the grammatical conventions required for those texts. This in turn supports children's reading fluency, comprehension and, by the end of a unit, writing.

In addition to this, we also dedicate two, half hour sessions per week specifically to the teaching of grammar. This is supported by a structured scheme which enables supports children's progression throughout their time in Key Stage 2. These two approaches enable our children to develop a deep understanding of grammatical structure.

Implementation of English will be in-line with our [Curriculum intent, implementation and impact policy](#).

Impact

Through our robust English curriculum that revisits, builds upon and deepens literacy skills each year, children develop the stamina and skills to write at length, use accurate spelling and punctuation and write pieces that are grammatically correct.

They are given purposeful and relevant opportunities to write in a range of ways including narratives, explanations, descriptions, comparisons, summaries and evaluations. They read, write and perform to support their understanding and consolidation of what they have heard or read.

Our school nurtures and understands the value of early reading. This shared ethos can be seen in all classrooms and shared spaces in our school. We have a buzz around books and we love nothing more than sharing our love of books with all our children. We have an extensive and wonderful reading library with a variety of classics and modern literature. We read to our children every day with dedicated reading time where teachers love to share their passion for reading and inspire children to be readers.

Timetabling and organisation

EYFS and Key Stage 1 are taught in their class, Key Stage 2 are taught as Lower Key Stage 2 (Year 3 and 4) and Upper Key Stage 2 (Year 5 and 6). In Key Stage 1 and 2, English is planned on a two-year rolling programme.

Monitoring and evaluation of effectiveness of this policy

The headteacher and English subject leader are responsible for monitoring and evaluating the effectiveness of this policy towards meeting our stated vision and aims. This will be achieved through:

Activity	Frequency
Lesson observations	Our English leader will sample English lessons during the year
Pupil voice	Samples on English during year, Governors reading to children weekly including PPG
Collecting and evaluating summative assessment	Termly Teachers will review learning towards 'end points' and record data on Scholarpack for evaluation by the subject leader

The role of governors

Our governors determine, support, monitor and review the school's approach to teaching and learning. In particular they:

- support the use of appropriate teaching strategies by allocating resources effectively;
- ensure that the school buildings and premises are used optimally to support teaching and learning;
- check teaching methods in the light of health and safety regulations;
- seek to ensure that our staff development and our performance management both promote good-quality teaching;
- monitor the effectiveness of the school's teaching and learning approaches through the school's self-review processes, which include reports from the headteacher, senior leaders and subject leaders, and a review of the continuing professional development of staff.

Monitoring and review of this policy

Senior leaders monitor the school's English policy so that we can take account of new initiatives and research or any changes in the English curriculum, developments in technology or changes to the physical environment of the school. We will therefore review this policy every two years or sooner if required.
