### Did you know?

The first waistcoat was created in Britain in 1630 by King Charles II.

Be careful when sewing your material together. Watch your fingers and ask an adult if you're unsure.

### Key facts

Think carefully about your **target audience** or **customer**.  
 What do they like (colour, texture)?  
 What material would be best?  
 What type of **fastening** will you use?

It is very important that you are **accurate** in your measurements for the waistcoat, otherwise it will not fit the person it is designed for.
