100% said they are satisfied with Ivy House's efforts to engage parents.

100% said it is easy to contact school and discuss progress, concerns or complex issues.

Parent/Carer Testimonials

What parents value most:

"As a parent whose children get transported to school and back home, I do not see the teachers everyday. However the teachers always report back by phone calls and by filling out their daily dairies. I love being able to hear about my children's day at school. The teachers are all amazing and I couldn't ask for anything more. My children are thriving and it's down to them."

What parents value most:

"Dedication and care from staff, helping children feel safe, happy, and make great progress."

One Parent said:

"Parents evenings at Ivy House give me confidence on how well they have gotten to know and understand my child. Helps me to incorporate things at home that she enjoys or is working on at school."

Messages to staff
