JERICO PRIMARY SCHOOL
POLICY 020

ADOPTED AT A MEETING OF THE FULL GOVERNING BODY / COMMITTEE

Adopted by *Finance, Premises and Staffing Committee*

On (Date) 16th January 2019

Date of next review July 2020

Aims:

At Jericho Primary School we have high aspirations and ambitions for our children and we believe that no child should be left behind. We strongly believe that a passion and thirst for knowledge along with a dedication and commitment to learning enables success. We are determined to ensure that our children are given every chance to realise their full potential. Jericho Primary School is in receipt of the dedicated schools grant – Pupil Premium. This is a ring fenced grant. This policy outlines how we will ensure it is spent to maximum effect.

Background

The pupil premium is a government initiative that targets extra money at pupils from disadvantaged backgrounds. Research shows that pupils from disadvantaged backgrounds underachieve compared to their non-disadvantaged peers. The premium is provided to enable these pupils to be supported to reach their potential.

The Government has used pupils entitled to free school meals (FSM), looked after children and service children as indicators of deprivation, and have provided a fixed amount of money for schools per pupil based on the number of pupils registered for FSM over a rolling six year period.. At Jericho we will be using the indicator of those eligible for FSM as well as identified vulnerable groups as our target children to increase attainment.

Context

When making decisions about using pupil premium funding it is important to consider the context of the school and the subsequent challenges faced. Common barriers for FSM children can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties, and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”.

Key Principles

By following the key principles below, we believe we can maximise the impact of our pupil premium spending.

Building Belief

We will provide a culture where:

- staff believe that there are “no limits” to what our children can achieve
- there are “no excuses” made for underperformance
- staff adopt a “solution-focused” approach to overcoming barriers
- staff support children to develop “growth” mindsets towards learning

Analysing Data

We will ensure that:

- All staff are involved in the analysis of data so that they are fully aware of strengths and weaknesses across the school
- We use research (e.g. Education Endowment Foundation Toolkit) to support us in determining the strategies that will be most effective

Identification of Pupils

We will ensure that:

- ALL teaching staff and support staff are involved in the analysis of data and identification of pupils
- ALL staff are aware of who pupil premium and vulnerable children are
- ALL pupil premium children benefit from the funding, not just those who are underperforming
- Underachievement at all levels is targeted (not just lower attaining pupils)
- Children's individual needs are considered carefully so that we provide support for those children who could be doing "even better if....."

Improving Day to Day Teaching

We will continue to ensure that **all** children across the school receive 'great' teaching, as such we expect all staff members to:

- Set high expectations
- Address any within-school variance
- Ensure consistent implementation of the non-negotiables, e.g. marking and guided reading
- Share good practice within the school and draw on external expertise
- Provide high quality CPD
- Improve assessment through joint levelling and moderation

Increasing learning time

We will maximise the time children have to make progress through:

- Improving attendance and punctuality
- Providing earlier intervention (KS1 and EYFS)
- Extended learning out of school hours
 - Early mornings and after school

Individualising support

"There's no stigma attached to being in an intervention in this school. Everyone needs something, whatever that might be, and so they're all getting something somewhere."

We will ensure that the additional support we provide is effective by:

- Looking at the individual needs of each child and identifying barriers to learning
- Ensuring additional support staff and class teachers communicate regularly
- Using support staff to provide high quality interventions across their units
- Matching the skills of the support staff to the interventions they provide
- Working with other agencies to bring in additional expertise
- Providing support for parents so they can support their children's learning within the curriculum
- Tailoring interventions to the needs of the child (e.g. Targeted maths sessions in the afternoons for children who struggle in the main lesson)
- Recognising and building on children's strengths to further boost confidence

Going the Extra Mile

In our determination to ensure that ALL children succeed we recognise the need for and are committed to providing completely individualised interventions for set periods of time to support children in times of crisis.

Monitoring and Evaluation

We will ensure that:

- A wide range of data is used – achievement data, pupils’ work, observations, learning walks, case studies, and staff, parent and pupil voice
- Assessment data is collected frequently so that the impact of interventions can be monitored regularly
- Assessments are closely moderated to ensure they are accurate
- Teaching staff and support staff attend and contribute to pupil progress meetings each term and the identification of children is reviewed
- Regular feedback about performance is given to children and parents
- Interventions are adapted or changed if they are not working
- Case studies are used to evaluate the impact of pastoral interventions, such as on attendance and behaviour
- A designated member of the SLT maintains an overview of pupil premium spending

Reporting

When reporting about pupil premium funding we will include:

- information about the context of the school
- objectives for the year
 - reasons for decision making
 - analysis of data
 - use of research
- nature of support and allocation
 - Learning in the curriculum
 - Social, emotional and behavioural issues
 - Enrichment beyond the curriculum
 - Families and community
- an overview of spending

Dealing with Complaints

At Jericho Primary School, we endeavour to get it right as we unashamedly put the needs of the pupils first. Our staff have also earned a reputation for being very approachable and good listeners. Jericho parents are positively encouraged to come into school to talk about any aspect of their child's education. Initial contact is usually made through the child's class teacher, and in the vast majority of cases, concerns or anxieties are usually resolved at this stage. However, if this fails and a parent wishes to make a formal complaint, the governing body has published guidelines for parents detailing the necessary stages in the formal complaints procedure.
