We believe this policy relates to the following legislation:

- General Data Protection Regulation (GDPR) 2018
- Data Protection Act 2018
- Freedom of Information Act 2000
- Environmental Information Regulations 2004

We are aware that under the Freedom of Information Act 2000 (FOIA) we have a legal duty to supply certain information to enquirers, and that we must be clear and proactive about the information that we make public.

To do this we have in place a publication scheme that sets out:

- The classes of information we publish or intend to publish
- The manner in which the information will be published
- How to request information
- Payment for information

We are committed to the aims of the FOIA and the access provisions of the Data Protection Act 2018 by promoting an open and transparent policy, as we believe the public have a right to access the recorded information held by us.

We understand that recorded information held by us relates to the business of the school and includes information that is:

- Created and held by us
- Created by us but held by another organisation on our behalf
- Held by us but relating to the Governor Body
- Held by us but provided by third parties

We, as a school community, have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
