

Special Diet Referral Form

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY.

Our catering contractors are able to cater for some primary pupils with medical dietary requirements. This robust dietary safeguarding procedure is designed to not only safeguard children with medical conditions but also support the catering staff involved in the preparation and service of the lunch time meals.

Medically based dietary requirements may be due to food allergy, food intolerance and, or other medical conditions, e.g., coeliac disease. They will also provide energy and nutritional count values for other medical requirements such as diabetes.

If your child has medical dietary requirements, then please complete this form and attach the following:

- a colour photo of your child, this allows your child to be identified at the point of food service.
- supporting medical documentation (GP, dietician, paediatrician or care plan) confirming your child's dietary requirements. **Without this we are unable to process forms, as per our policy.**

Once complete:

1. Return the completed form, supporting medical evidence and photo to the staff at your school reception.
2. School reception staff should email the referral form plus the supporting medical documentation to nutrition@uk.issworld.com
3. School reception staff to print page 2 of this form and give to the Kitchen Manager, along with the photo of your child.
4. The completed special diet menu will be issued to the school reception staff for your attention within 3 weeks of the caterer's Nutrition Team receiving the special diet referral form and supporting medical documentation.

IF YOU HAVE ANY QUERIES UPON RECEIPT OF YOUR CHILD'S SPECIAL DIET MENU, PLEASE CONTACT YOUR SCHOOL RECEPTION.

Thank you.

Data Protection

We confirm that you and your child's personal data provided on both the dietary safeguarding referral form and consent slip will be collected, used and stored by the school in order to allow our catering contractor, ISS Education, to provide your child with suitable and safe school meals. Please see the school's website for our Privacy Notice which confirm further details about how we collect, use and store you and your child's personal data. All information will be held strictly confidential and will not be shared with any third parties.

Temporary Meal Option Form

Please select the meals listed in the table below which you consent to your child eating.

Our caterers offer a limited selection of temporary meals to ensure your child can still be safely catered for until the special diet menu is in place. The temporary meal options are suitable for most diets. The temporary safeguarding meal options are **NOT** a replacement for the dietary safeguarding procedure.

Once the special diet menu and signed consent form have been received by the kitchen manager (from their area manager) then the special diet menu must be followed.
