

Summer 1
'Around the World'
Moonstone Class

Happy Easter Holiday, we hope you had a lovely break!

This term we will be learning about food from around the world, in our Geography, History, Science and PSED lessons. We will be exploring different types of foods, where food comes from and important foods from different cultures. We will be looking at what is healthy food, what is unhealthy food and how we can have a balanced diet that makes us happy while keeping us healthy. We will also be exploring food from the past, what people from the past may have eaten and the equipment they might have used to prepare and cook food. We will be doing loads of cooking this term, food exploration and practising our food shopping skills. what they need to make them grow and what different parts they have. To support our learning, we will be looking at 'Handa's Surprise', 'The Tiger Who Came To Tea' and 'The Little Red Hen' in our Literacy lessons.

Star Words

Continents

Nutrition

Culture

Balanced Diet

Healthy Eating

Senses

You can help your child at home by:

Talking about different types of foods - where might the food grow? What does it feel, smell, taste and look like? How do we cook it?

Subitising to 20

Practising number bonds to 20

Reading with your child each day.

In Literacy we will be:

- Learning Phase 2 phonemes and practising matching initial sounds to pictures
- Learning Phase 3 phonemes such as, ai, ee, igh (digraphs and trigraphs)
- Continue to use our phonics knowledge to write simple words such as, CVC words like sheep and boat.
- Focussing on forming letters correctly.
- Listening to a range of books and discussing what has happened, answering and asking questions about them.

Expressive arts and design
Art, Design and Technology:

We will be:

Using different types of fruits and vegetables to print
Exploring the artwork of Andy Warhol
Using different materials and mediums to create food from different cultures
Developing our pencil grip by exploring real-life drawing of fruits and vegetables
Explaining the materials we have used and why.

World Learning:

In Science will be learning about:

- Our bodies
- Our senses
- Healthy and Unhealthy eating

In Geography we will be learning about:

- The seven continents
- The comparison of foods from different cultures

In History we will be learning about:

- Food from the past
- Cooking appliances from the past

In R.E we will be learning about:

- Islam

In computing we will be learning:

-to be TV Chefs

In Maths we will be:

- Exploring place value within 50.
- Exploring addition within 20.
- Exploring subtraction within 20.
- Exploring different types of mass and volume
- Begin to explore different measurements of time

Music:

Children will carry on with violin lessons each week where they will learn simple rhythm and patterns through songs and learn how to correctly hold and use the violin.

In Physical Education we will be:

Practising our coordination and balancing skills, our ability to follow and complete adult instructions and developing our fine motor through activities that strengthen our hand muscles.

In PSHE

We will be exploring Healthy Me.
We will look at the importance of exercising our bodies and getting them moving
We will look at the importance of getting a good night's sleep every night
We will learn about why keeping ourselves clean is so important and keep up with building our personal care skills, such as brushing our teeth, washing our hands etc.
We will also look at who our important adults and how to keep safe when outside
