

# Spring 2 Sapphire Class

This term we are continuing our topic of 'Toys'. We will be focussing on Geography and Design and Technology. We will be learning about toys from around the world and identifying countries with an atlas. We will be designing and making our own toys using our learning from the whole term. We will continue our science topic 'materials' and link this to the toys we are making. In English, we will be reading a variety of texts such as Stanley's Stick, Dogger and non-fiction texts about toys. We will be writing through our journey with Curious Quests.

## Star Words

atlas      maps      location  
country      continents  
design      move      evaluate  
waterproof      absorbent  
textiles      sewing

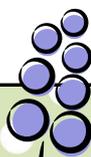

## Home Learning

Read Little Wandle reading books at home.  
Discuss materials that you see and handle.  
Identifying and reading numbers to 100 you see.
