## **Covid-19 Advice and Emergency Support Scheme**

The current Covid-19 crisis has made life tough for everyone: in response we have allocated additional funding to our Emergency Support Scheme which can help you through these challenging times.

**We can help with support for food and energy bills for Lambeth residents who are:**

- experiencing financial hardship due to the impact of Covid-19, including where there are increased caring responsibilities or a financial impact due to self-isolation
- going through a crisis or an emergency
- being resettled into the community following a period in institutional or residential care or in need of support to prevent you entering institutional or residential care

The scheme supports residents on a low income who are claiming welfare benefits such as Universal Credit, Housing Benefit or Council Tax Support. You can apply to the Emergency Support Scheme through the **Lambeth Council website**.
