

PE and Sport Premium 2021-22

The Government provides additional funding for physical education (PE) and sport in schools. This funding is to be used to improve the quality and breadth of PE and sport provision

Each school year, we are allocated £16,000 plus £10 per child.

With this funding our main aims are:

- To continue to improve the quality of teaching and learning in school.
- To increase the number of children participating in extra-curricular sports clubs.
- To increase the number of children representing Keelby Primary Academy at local competitions.
- To develop an intra-school competition programme (when COVID restrictions allow).
- To promote the importance of leading a healthy lifestyle and engage the least active in physical activity.
- To provide further opportunities for children to learn to swim at least 25 metres.
- To provide at least 30 minutes of physical activity a day.

How the funding will help us achieve our aims:

- Our Gold membership with the North East Lincolnshire School Sports Partnership will allow us to provide a range of opportunities for our children to participate and compete in inter-school competitions.
- Qualified sports coaches/Caistor Yarborough PE staff/our school staff will provide a range of before and after-school clubs that the children have identified as an interest/compliment our PE curriculum.
- Two days of tailored specialist support will be provided to KPA by the School Sports Partnership. This support will be used to evaluate our current provision/offer and formulate action plans.
- Professional development opportunities for staff to further improve their skills in delivering the PE curriculum.

How the funding will help us achieve our aims:

- Purchase of equipment to develop high quality PE lessons. Additional equipment will be purchased to support our ever-expanding extra-curricular offer and our intra-school competitions programme.
- Playground equipment will be purchased to support and encourage active playtimes.
- Our young leaders will be trained by CYA staff to facilitate active playtimes with the purchased equipment.
- The funding will be used to fund transport to inter-school competitions and sport/PE festivals.
- Funding will be used to allow us to enrol a proportion of our Y5 cohort onto the School Sport Partnership's Gifted and Talented programme.

How our 2020/21 funding made a difference:

- Joining the North East Lincolnshire School Sports Partnership gave us access to curriculum support, inter-school competitions, CPD for staff, termly guidance (particularly in relation to COVID guidance) and best practice updates.
- Successfully launched the Daily Mile Destination challenge in school that saw every class run daily.
- Entered every class in the North East Lincolnshire Virtual Cross-Country that saw all of our children given the opportunity to represent the Academy against other schools.
- Signed up to the Re-ignite programme that saw us benefit from targeted support for Y6 to encourage them to become more active post lockdown.

How our 2020/21 funding made a difference:

- Signed up for 'Chance to Shine' programme through Lincolnshire Cricket which saw a local professional work with all four KS2 classes for one hour a week, every week during Summer Term 2.
- All children continued to receive their two hour weekly entitlement for PE once school fully reopened and this was partly supported by our working relationship with Caistor Yarborough PE department.
- PE tasks, links and challenges were shared remotely with those isolating or working from home during lockdowns/partial closures.
- Every child in KS2 undertook six weeks of Young Playground Leader training that was delivered by PE staff from Caistor Yarborough Academy.

How our 2020/21 funding made a difference:

- We made a significant investment in purchasing new equipment/upgrading older equipment.
- Swimming lessons were organised and delivered weekly at Meridian Leisure Centre, Louth during the summer term for all of Year 6 who had missed out on their entitlement in Year 5 due to the national lockdown.

Priorities moving forward for 2021-22:

- To re-establish an extra-curricular sport/PE offer after our previous offer was decimated by a year of lockdowns and COVID restrictions.
- To re-engage in local inter-school sport and PE competitions after the majority of these were scaled back/postponed during 2020-21 due to national social distancing restrictions.
- Strengthen links with Caistor Yarborough Academy further develop our PE and School Sports offer and create additional opportunities for our children to experience intra-school and inter-school competitions.
- Invest in facilities to further develop and embed our commitment to The Daily Mile.
