25th February 2020

Dear Parent,

Silly Science Workshop –

Monday 9th March 2020

We are holding workshops throughout the day to celebrate British Science Week.

All children will access the workshop which will include Professor Nitrate guiding our children through a science tour of discovery. They will learn about elements, why molecules bond, understand the magic of lift and the power of pressure as well as experiencing explosions!

The school will subsidise this workshop but would like to ask for a small contribution of £3 per child towards the cost (payable on ParentPay). We believe this is a great opportunity to ignite curiosity in science with this immersive experience.

Thank you for your continued support.

Yours sincerely,

Ms Cowling
