How to upload work to google classroom using a smart phone

There are two options for uploading classwork to google classroom using a smart phone. If you are submitting work through your phone it is hard to see the grid, so we will send home a paper copy for you to work from.

Option 1 – Using the App

1) Download the free google classroom app

2) Sign into the app using your child's username and password. If you have more than one child, you can log into multiple accounts on the same app. If you have any problems with any of this email <u>closuresupport@kenilworth.herts.sch.uk</u> or call and ask to speak to Miss Williams.
