

## Remote Learning for Children Who Are Isolating

The home learning tasks will be sent to children and parents via Tapestry (Reception Children) and Purple Mash (KS1 and KS2). Mrs Harris will be in charge of providing work for all isolating children up until November time when she begins her Maternity Leave.

### EYFS

- **Phonics**

Children to be initially signposted to **youtube Mister Teach phase 2 phonics** videos. When children are ready for phase 3 they will be set lessons from [wandleenglishhub.org.uk/lettersandsounds](http://wandleenglishhub.org.uk/lettersandsounds), which will give access to a number of youtube video lessons focussing on **Phase 3 and 4 diagraphs (EYFS)**.

- **English**

Children to be set an English unit from Oaks Academy (2 week units). This will focus on reading, writing and grammar.

- **Maths**

Children to be set work from White Rose Maths linked with the maths taught in class at that time. These are mini topics so allow for children to get creative and develop their learning and understanding in other areas of the curriculum too.

### KS1

- **Phonics**

Children to be set lessons from [wandleenglishhub.org.uk/lettersandsounds](http://wandleenglishhub.org.uk/lettersandsounds), which will give access to a number of youtube video lessons focussing on **Phase 3 and 4 diagraphs (EYFS)** and **Phase 5 (Y1 and Y2)** as well as some **learning to blend** video lessons.

- **English**

Children to be set an English unit from Oaks Academy (2 week units)

- **Maths**

Children to be set work from White Rose Maths linked with the maths taught in class at that time.

- **Science**

Children to be set a unit from Oaks Academy (6 lessons per unit) that will link with the science unit being taught in class at that time

### KS2

- **English**

Children to be set all English from Oaks Academy. From this, they will have a **reading unit** (1 week), a **spelling unit** (2-4 lessons) and a **grammar unit** (5 lessons).

- **Maths**

Children to be set work from White Rose Maths linked with the maths taught in class at that time.

- **Science**

Children to be set a unit from Oaks Academy (6 lessons per unit) that will link with the science unit being taught in class at that time.

The learning provided will broadly follow what the children are learning in class. We expect all tasks to be completed by any children isolating. We will review the remote learning as the term progresses.
