

PE

This half term we will cover gymnastics. Children will learn simple gymnastic action and shapes with developing strength.

English Reading

For the first half term the children will be continuing with Essential Letters and Sounds phonics, reading practice sessions.

During these sessions children will continue to build and revise their phonic knowledge and use this to decode and read books matched to their phonics learning.

Science

In science children will complete a unit of work on people and their pets. During this unit the children will spend time in the school grounds identify different creatures and learning about their preferred habitats.

History

In history this half term children will be learning about the past through photographs. Children will learn about photographs and photography and what they can tell us about the past. They will gain an understanding of 'evidence' and how this tells us what has changed over time.

Curriculum Map - Autumn 1

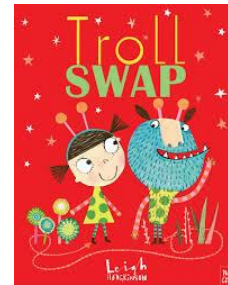

Class : Squirrels

English Writing

The text we will be focussing on in our writing lessons is 'Troll Swap' by Leigh Hodgkinson. The main writing outcome of this unit will be an adventure story. During the unit children will also focus on the following grammar and punctuation:

- Capital letters, full stops and finger spaces
- Adjectives to describe
- Using the conjunction 'and' to join words.

Music

In music children will be learning about action songs and call and response patterns

Computing

In Computing children will be completing a unit all about bee-bot and how to input a set of instructions to achieve an outcome.

RE

IN RE , children will be learning about a range of different religions and some of the rituals that they complete.

Spanish

In this unit pupils will learn the correct Spanish pronunciation for different colours and number to 10

PHSE

This half term PSHE will be about 'family and relationships' where children will learn about different family structures and positive friendship features.

Maths

In Maths this half term children will start with a unit on Place Value to 10. They will look at accurate counting, recognising numbers as words and comparing numbers using 'more than', 'less than' and equal to.

They will also start their unit on addition and subtraction where they will be starting to learn how to break numbers down into two parts and how to write addition and subtraction number sentences correctly.

Geography

In geography this half term, children will be learning about what it is like to live in the city. They will learn about where they are and the city that they live in. They will look at different human and physical features. As well as house types and how to stay safe.

Design and Technology or Art and Design

In Design and Technology, the children will be completing a unit on structures. They will be looking at what 3D shapes are strong and stable and would make good structures. They will be designing and making a chair for Baby Bear from Goldilocks and the Three Bears.
