## ISSUE 24 - FRIDAY 14TH MARCH

Dear parents and carers,

This week has been British Science week. We started on Monday with an assembly about what British Science week is, sharing the theme 'Change and Adapt'. All classes have had a go at completing a Science activity, from looking at frog spawn, to collecting tomato seeds.

We have also recognised International Woman's day, which was last Saturday. Children have learnt about why this is recognised across the world and have looked in classes at the amazing achievements of women.

EYFS had their first assembly for parents. They shared their talk for writing story and their Happy Spring Chicken song, which I have linked below! I have been singing it for the last 48 hours! It was so lovely to have so many parents, grandparents and siblings come to watch.

Year 1 showed off their amazing phonics skills last week, again it was great to have so many parents in to visit and learn about the Little Wandle Phonics. Don't forget to complete the survey that was sent out! We are looking forward to welcoming parents of EYFS children back into school for their phonics information session next week.

Have a lovely weekend,

Mrs Harradine and the Leadership Team

### YEAR 1 CLASS ASSEMBLY

Year one would like to invite parents to their class assembly on Thursday 20th March at 2.40pm. They look forward to sharing their amazing learning with you.

### EYFS HAPPY SPRING CHICKEN SONG

Please find the link to the EYFS [Happy Spring Chicken Song](#) - please enjoy!

## EYFS PHONICS INFORMATION SESSION

EYFS would love for parents to join their phonics lesson on Thursday 20th March from 2-3pm. After the lesson there will be a presentation for parents from teachers aimed at building confidence in supporting your children with their phonics and early reading.

## NURSERY 2025

We are looking at having a separate Nursery next academic year. So, this week we sent out a survey to see what interest there is. If you have a child who is nearly 2, 2 or 3 please complete our form to help with our planning. Thank you.

## YEAR 2 SCIENCE

During British Science Week, Year Two conducted an exciting experiment about "Should We Flush It Away" to test how different materials performed when flushed. We explored hands on learning by testing various items to see how well they "flushed" through a model toilet system. The experiment demonstrated how certain materials didn't dissolve and how easily they can block and damage sewage systems. By observing and analysing the results, we learned valuable lessons about what should and shouldn't be flushed.

## COMIC RELIEF 2025

Next Friday is Comic Relief day. To recognise this the school council have organised a non-uniform day and will be holding a cake sale after school. Cakes will cost between 20p and £1. If you are able to donate cakes, please send them on Thursday or Friday, all cakes must have clear ingredients.

## WEEKLY ATTENDANCE

Congratulations to classes 2D and 4J this week who both won the weekly attendance award with 98.5%. Enjoy your cake! Which class will it be next week?

Whole school attendance = 96%  
Well done everyone for your hard work!

## YEAR 4 SCIENCE

For Science week, we chose the growing tomatoes activity. They have halved tomatoes and scooped out the seeds. The seeds will be left in water for 5 days before drying out and planting.

## UPCOMING EVENTS

### March

- 18th: EYFS & Year 1 Storytelling - 4.30-5.30pm
- 20th: Year 6 Cromwell Assembly
