

KINGSFIELD NEWSLETTER

ISSUE 34 - FRIDAY 13TH JUNE

Dear Parents or Carers,

We started this week with a whole school assembly focussing on our Kingsfield Rules - Respectful, Responsible and Safe. We talked about what this means to us and thought of examples that we may see at school every day. We are continuing this theme over the next few weeks, focussing on each rule in turn.

This week year 4 and year 1 have made us extremely proud with the way that they have approached their assessments. They have shown resilience and perseverance all week, really being the best that they can be.

Also this week class 3S shared their learning with parents as part of their class assembly. We enjoyed listening to their writing, which they were so proud of. We can really see the impact of Talk for Writing on their work.

We also welcomed new families into school as part of our new to Reception and Nursery meetings. Mrs Kent and Mrs Wagg shared lots of information about how Reception works and families got to taste food from the kitchen and were able to leave with a new Kingsfield jumper from school and a bookbag, thanks to the PTA.

Next week, year 6 start their swimming sessions on Monday, year 5 have a school trip on Tuesday to Denny Abbey and a group of year 4 pupils will be representing the school at a Netball event on Friday.

Have a fabulous weekend,

Mrs Harradine and the leadership team

FOCUS ON BOOKS

There are so many new books released every month that we thought it would be nice to share some recommendations from the Book Trust with you:

4-5
years

6-8
years

9-11
years

EARLY YEARS

This half term in PE reception and nursery children will be practising races in preparation for their first sports day at Kingsfield. We will be practising bean bag throwing, obstacle races, egg and spoon race, javelin, hurdles, standing long jump and sprinting races!

YEAR 1

Year 1 have been thoroughly enjoying PE this term. We have been learning how to do gymnastics, play invasion games and also multi-skill activities. This week, a challenge course was set up and the children were put into groups to complete each challenge. First, we warmed up our bodies by doing some stretching. After that, we warmed up even more by doing lots of jumping, dancing, balancing and running on the spot. Then we moved onto the challenges! We had a hurdles station, a jumping from hoop-to-hoop station and finally, jumping from the floor onto a bench. Miss Leavey found this tricky, but the children did much better! We are now moving on to practicing for sports day. The children are all very excited.

YEAR 2

During our PE lessons over the last couple of weeks, we have been exploring different ways to warm up our bodies before physical activity. Warming up is important because it helps prepare our muscles, increases our heart rate, and reduces the risk of injury. One of our favourite warm-up activities is a game of Rock, Paper, Scissors – but with a fun twist! Instead of just playing the game standing still, we add movement. For example, players might have to hop, skip, or run to different spots after each round. This not only gets us thinking quickly but also gets our bodies moving and ready for more intense exercise.

YEAR 3

This week in PE, Year 3 began exploring their exciting new dance topic inspired by the solar system. The children were challenged to move like planets, stars, and other celestial bodies, using creative movement to represent the vastness of space. They thoroughly enjoyed sharing their performances with one another and are already looking forward to developing their routines further next week!

YEAR 4

This term, Year 4 are developing their tennis skills, focusing on hand-eye coordination, rallying, and controlled hitting. They are also impressing us with their gymnastics work, showing excellent balance and body control through a range of poses and sequences. Well done, Year 4!

YEAR 5

During Summer term, we have been swimming during one of our PE lessons. Everyone has enjoyed these sessions and has improved their skills in the pool. We have had groups of children who could swim a whole length of the pool without stopping and some children now being able to swim a width unaided. We are all so proud of how the children have tackled the challenges with learning to swim!

YEAR 6

This week, Year 6 have been learning rounders. They have used great team work skills to work together to try and get the opposite team out.

KINGSFIELD NURSERY 2025

Don't forget we have Nursery opening in September for children from 2 years old. Many children are entitled to some funded hours. Contact the school office for more details.

WEEKLY ATTENDANCE

Congratulations to 3P this week who won the weekly attendance award with 98%. Enjoy your cake!

Whole school attendance = 95%
Let's work together to reach at least 96% next week!

PTA BREAK THE RULES DAY

Get ready for a day of fun and a little bit of mischief! On Wednesday the PTA is hosting Break the Rules Day! For a small donation, students can choose to bend a few school rules — think crazy hair, wearing PJs to school, or having dessert in their lunchbox! It's a great way to raise funds and let kids enjoy a day of harmless rebellion. A full list of "rules" that can be broken has been sent home, and keep an eye out for posters around the school. Let's make it a memorable day while supporting our school — thank you for your continued support!

TESCO BLUE TOKENS

Please remember to keep putting a token in to the Kingsfield box to help us raise some money for the outdoor play area in Early Years.

UPCOMING EVENTS

June

16th: Super Hero Lunch Menu
17th: EYFS Reading Cafe
17th: Year 5 Denny Abbey Trip
18th: PTA Break the Rules Day
19th: 2D Class Assembly - 2:45-3pm
