Ready, Respectful, Safe

Dear Parents / Carers,

This week we have welcomed back all children to school and they have settled really well to the 'normal' routine. I think they will be exhausted today though - I know I certainly am!

Year 6 had a Victorian Day today and embraced that style of learning! The work they produced was lovely. Thanks to the Year 6 team for organising a great day.

We are pleased to announce that we have a new piece of play equipment for the space near KS1 and EY (replacing the pirate ship). This will be fitted as soon as practically possible and has been funded through the Sports Premium and a generous donation from the PTFA. Thank you to Mrs. MacNeil and Mrs. Harwood for organising this.

Mrs. MacNeil has also been in touch with the Witchford Schools' Partnership who are now able to do specialist PE days once again. The first set of dates have been provisionally added to the diary column.

Next week is Science Week and the children will be undertaking a range of learning experiences and experiments. Don't forget to get your 'crunchy challenge' photographs to Mrs. Dickinson.

This week staff have been looking at developing classroom reading corners. To make them more engaging, we would really like to add small rugs, cushions and bean bags to the areas. If you are undertaking a spring clean this month and have any of these items going spare, we would love to have them!

Similarly, Year 3 have a project requiring jam jars and newspaper. If you have either that you are happy to donate please drop them into the school office—thank you!

Last but not least, please can we remind you that any items of fruit, such as grapes, are cut in half to avoid being a choking hazard.

Thank you. Have a great weekend.

Mrs. Coates

Wellbeing Wednesdays

This week we have introduced 'Wellbeing Wednesdays' across the school. During this weekly session, the children will learn and work on the five steps to mental wellbeing.

Please talk to your child about which steps they have used this week as we are working to embed the steps across the curriculum.

This is the image we are sharing with the children in school to help them recall the five steps.

PE Challenge

This half term we are going to have a PE focus called 'Spring into Action!' Each week we will set up a weekly challenge. The challenge will be displayed on an activity card which will explain and demonstrate a 60 second activity challenge. Children can also download a 60 second Challenge Tracker for them to complete and a Daily Activity Tracker for them also to record their daily active minutes. If you would like to involve your whole family in this that would be great too!

The idea of these challenges is to help support children to be more physically active and encourage them to build physical activity into their daily routine.

Week 1 – Star Jump Challenge

Maths - Battle of the Bands

During the week commencing 22nd March, there will be a TT Rockstars Battle of the Bands between each of the classes in school (Years 1 - 6). The idea is that the children try to answer as many questions as they can during the week. The winning class will be the one with the highest number of correct answers per pupil. The children from the winning class will each receive a certificate and there will also be certificates given for the highest contributing pupils from each class.
