

Teaching revision: Day 2

Find totals of two coins from 1p, 2p, 5p and 10p

Day 2: Find totals of two coins from 1p, 2p, 5p and 10p.

How can we make 7p?

We could use a 5p coin and a 2p coin.

$$5p + 2p = 7p$$

Day 2: Find totals of two coins from 1p, 2p, 5p and 10p.

How can we make 12p?

We could use a 10p coin and a 2p coin.

$$10p + 2p = 12p$$

Now choose a practice sheet to suit you.

You can select Sheet 1 (easier) or Sheet 2 (harder).
