

Teaching revision: Day 1

Know how much each coin to 10p is worth

Day 1: Know how much each coin to 10p is worth.

This is worth the same as
2 pennies.

Day 1: Know how much each coin to 10p is worth.

This is worth the same as
5 pennies.

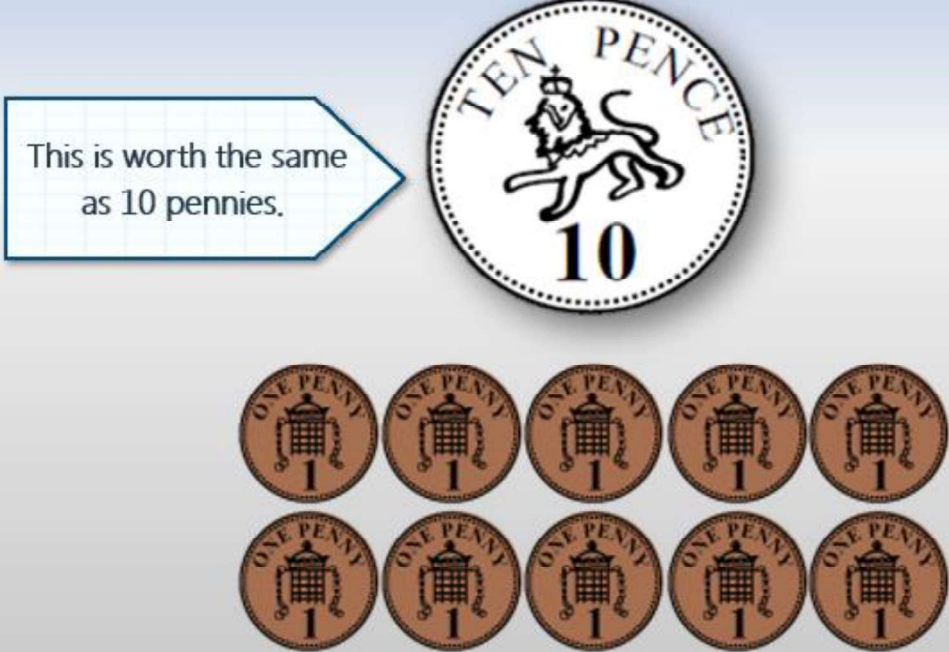

Teaching revision: Day 1

Know how much each coin to 10p is worth

Day 1: Know how much each coin to 10p is worth.

This is worth the same as 10 pennies.

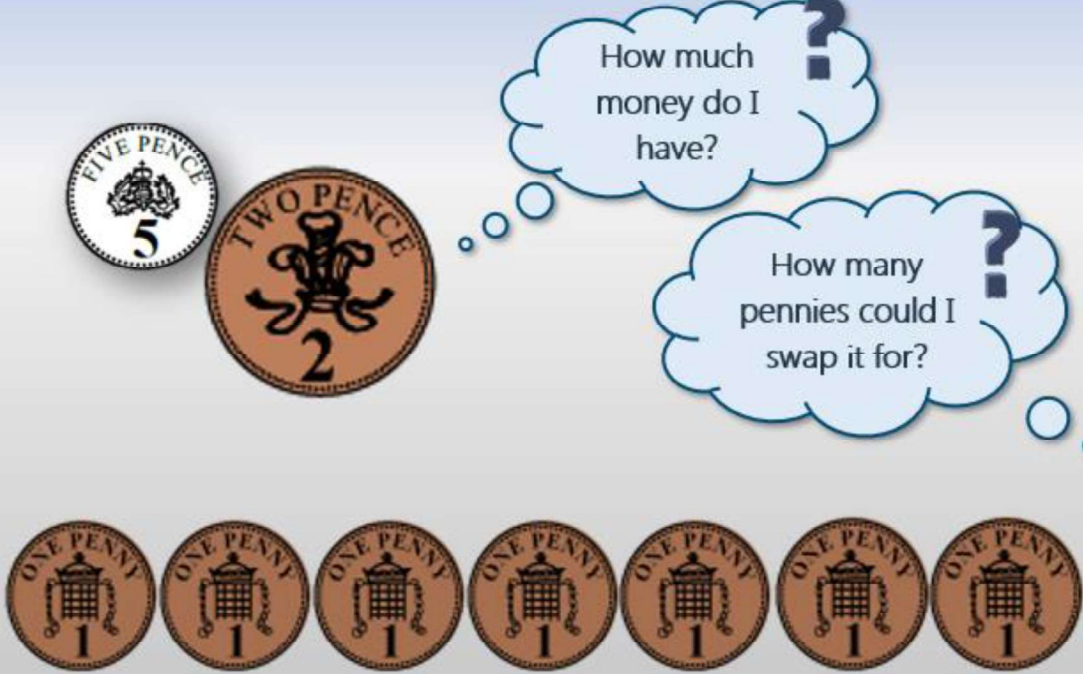

The image shows a large silver 10p coin with a lion and the number 10. To its left is a speech bubble that says "This is worth the same as 10 pennies." Below the 10p coin are ten small brown 1p coins arranged in two rows of five.

Day 1: Know how much each coin to 10p is worth.

How much money do I have?

How many pennies could I swap it for?

The image shows a 5p coin and a 2p coin. Below them are seven 1p coins. Two thought bubbles ask questions about the value of the coins: "How much money do I have?" and "How many pennies could I swap it for?"

Now choose a practice sheet to suit you. You can select Sheet 1 (easiest), Sheet 2 or Sheet 3 (most challenging).
