

Timeline:

Make a timeline of the different events that have occurred in your life time. Start with your birth and add any important events up until now. You could include; the birth of a sibling, a special holiday, moving house, starting school or any other events important to you.

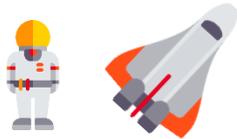

Winter Walk:

Go for a walk (in December) what signs of Winter can you see? Take photographs or write a list of the signs of winter.

Astronauts:

What countries have put astronauts in space? Label them on a map.

Wreath making:

Using natural materials from the outside, can you create your own wreath?

CHALLENGE: If you would like an extra challenge, create instructions to tell others how to make your wreath!

Galaxy sensory bottle:

This term we will be thinking about our emotions and how we can deal with these emotions. Can you create a galaxy sensory bottle? These bottles can be used to help us calm when we feel anxious or upset. (use google to find the instructions that work for you!)

Star Gazing:

As the nights get darker quicker, try to spot some stars! Can you see any star constellations? Draw them and name them!

Map the moon!

Over one month look at the moon every other day and draw what you can see.

Christmas - English Task

How did Rudolph get his red nose? Create a comic or create a mini book to tell the story!

Christmas - Maths Task

Create your own Christmas board game! Make sure that on your board game you include addition and subtraction number sentences.

Christmas - Cooking!

Can you create a Christmas treat at home? This could be Christmas cupcakes or Christmas biscuits. Please make sure that you weigh the ingredients yourself!

Term 2 Family Learning Grid

Remember you must also complete:

- Daily Reading (English Homework)
- Spelling Activities (English Homework)
- TTRockstars (Maths Homework)
