## Accessibility Plan

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, staff and members of the governing body.

### 1. Legislation, Vision & Values

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils.

At Kirkburton Middle School we believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here. This policy is supplementary to the Equality and Diversity policy, which reinforces our determination to create a fully inclusive learning community which values all members and promotes tolerance and understanding. None of our practices will result in individuals feeling alienated or degraded; instead we will celebrate differences and ensure that all members of our community feel valued and supported.

## **2. Strategic Priorities**

- Ensuring that all individuals have the opportunity to achieve their potential
- To recruit, retain and develop staff according to their skills
- To ensure that all learners have equal access to opportunities within school and outside
- Raising aspirations across all groups
- Delivering a curriculum that makes learning more personalised and more effective
- Ensuring that learning and teaching are fully focused on raising achievement regardless of the Physical ability, SEND or background of learners
- Ensuring that all learners have physical access to the building and equality of access to the curriculum
