

Dear Parent/Carer

I hope you are well today. Can I start by thanking you for all the positive comments we've received in relation to the first week of live lessons. Your feedback is very much appreciated and staff are very grateful for the support.

### **Live lessons**

We've been delighted with lesson attendance to date. If you have any technical issues whatsoever in relation to accessing live lessons, please continue to report them via the [online form here](#). We will do everything we can to provide support. Further to my letter yesterday, please see the attached image for details of how to access Microsoft Teams via an Xbox or a PlayStation. We'd be really interested to hear how people get on with this. Who would have thought we'd be actively encouraging our children to log onto their games consoles! Mrs Kerr will write to all parents next week with full details about our remote learning curriculum and how we will ensure pupils do not fall behind in their learning during the partial school closure period.

### **Critical worker provision**

I'm pleased to confirm that we are able to offer critical worker provision to all those families who have applied for places. I will write to those concerned more fully this afternoon. We would ask wherever possible pupils bring their own device into school together with a headset / earphones with a microphone.

### **Free School Meals Vouchers**

The next batch have arrived in school today for distribution. If families need any support in the meantime, please contact school.

### **SATs**

For those Year 6 parents who missed the announcement earlier in the week, there will be no SATs this year.

As always, we're here to help in any way we can so please don't hesitate to get in touch via the usual channels. I hope you have a good day and a good weekend when it arrives.

Regards,

Mr Taylor
