

Dear Parents

As part of our continued drive to enrich the educational experience for our pupils at Kirkham Grammar Junior, Infant & Pre-School, we are seeking the support of our Kirkham Grammar School parental body.

We are looking for parents/grandparents/other close relatives who would be interested in coming into school in the future to talk to our pupils and provide them with an interesting insight into the wider world around them. This could, for example, focus on your profession, cultural background, sporting achievement to name but a few.

If you feel this is something you would enjoy doing, please get in touch with our School Secretary, Miss Sharman. When we have collated information in this regard we will get in touch as and when we have events that we feel would benefit from your area of expertise. We look forward to hearing from you.

Wishing you all a lovely weekend

Mrs O'Donoghue  
Headmistress
