

## NSPCC Number Day - Friday 4 February 2022

Dear Parents,

### **NSPCC Number Day - Friday 4 February 2022**

I am excited to inform you that our Junior, Infant and Pre-School pupils will be spending Friday 4 February learning purely about the complexity and diverse nature of numbers, whilst raising funds for the NSPCC. Our pupils are invited to attend School for this event wearing an item of clothing with numbers on, face paint or an accessory relating to numbers. They should wear this along with their KGS uniform/PE kit, whichever is their usual attire for a Friday. PE, Music, Spanish and French will run as usual; these lessons will also incorporate the theme of 'numbers'.

This special event will not only acknowledge and explore how numbers are used in real life scenarios, but it will also highlight the importance of supporting those in need and being kind, our number one School Value!

Should you wish to kindly contribute to this charity for this event, please click here for our JustGiving link:
