

## Online Safety

Dear Parents,

As we continue learning remotely through KGJS@Home, online safety remains paramount.

I have attached a newsletter from 'ThinkUKnow', which provides some useful information on how to support children's online safety during this lockdown, and for the future.

It includes specific guidance on topics such as:

- watching videos
- sharing information, images and videos
- chatting, being kind and making friends online
- online gaming
- reporting and support services

Thank you once again for your continued support at this time.

With kind regards

**H A Shuttleworth**  
**Deputy Head**
