

Dear Parent/Guardian

As schools have been ordered to close, I have provided the following activities for your child to complete at home to ensure they continue to make progress with their learning. It might be useful to set aside a certain part of each day for these activities so that children remain in some sort of routine and know that is their learning time. Children do not have to complete the activities in the order listed.

I would be grateful if you could sign and date the activity when completed and return all completed work to school with your child on their return.

Please email me at maigan.banks@kirkhamwesham.lancs.sch.uk if you have any problems.

Many thanks for your support in these exceptional times.

Miss Banks

And finally . . . as often as you can

Do something creative or as a team - either build some lego, bake a cake, make a model out of playdough or cardboard boxes, build a den, help with a job in the house, play a board game, draw a picture, design a menu for a teddy bear/Barbie/transformers picnic or whatever takes your fancy. Have fun!
