

Keele and North Staffordshire TEACHER EDUCATION

Rooted in evidence; reaching for excellence.

Whatever your honours degree subject, you have the potential to change a young person's life through the transformative power of education.

Apply to train to teach with KNSTE

Welcome

KNSTE is a School Centred Initial Teacher Training (SCITT) provider who work closely with Shaw Education Trust and a partnership of over 120 schools to offer high quality teacher education. Our SCITT partnership comprises of primary, special and middle schools and a mixture of large and small, urban and rural, faith schools, local authority and academy settings. Ours is an innovative course which is now available as both a full time or two year part time course. You will come to us with different talents, attributes and experience and we will seek to develop these in relation to early years, primary and special school pedagogy.

In 2023, we were recognised as continuing to be an 'outstanding' provider by Ofsted. They stated that, "leaders' vision of 'reaching for excellence' is fully recognised through this high-quality initial teacher education course. The programme provides trainees with the best possible start to their professional careers". On successful completion of all of our courses you will gain Qualified Teacher Status (QTS). On the QTS & PGCE route you will also gain a Sheffield Hallam Postgraduate Certificate of Education.

Where are we based?

KNSTE is based at The Shaw Education Trust Learning Hub in Kidsgrove (ST7 4DL). Our schools are predominately located in Stoke-on-Trent and across Staffordshire but we do have schools in the surrounding counties - Cheshire, Shropshire and Derbyshire.

How are we different?

A subject/phase specialism rather than purely generalist training.

A strong emphasis on high quality school-based input.

A supportive, nurturing provision with each trainee assigned a General and Lead mentor.

Why choose KNSTE?

Quality

We are relentlessly ambitious to share the transformative power of education.

Ethical

We will use our knowledge and experience to enable you to become an informed and thoughtful public professional.

Trusted

We offer a nurturing and tailored approach within an amazing partnership of schools.

Specialisms

Our specialisms enable you to focus on curriculum design and subject leadership. You will appreciate the significance of sequencing learning.

Mentor Support

Our dedicated team provide support and equip you to become the teacher that you are ambitious to be.

Evidence Informed and Evidence Challenged

We support you in critiquing and accessing research and evidence so as to both inform and challenge your practice.

“I couldn’t recommend the KNSTE course more and feel that I have been really well-prepared to become a highly reflective teacher. I have also learned how much there is to love about the profession and how I can really make difference to children’s lives.”

- Trainee Teacher

More about our Initial Teacher Training and Education (ITTE) Programme

Structure of our ITTE Programme

We start our course at the end of August and spend some time introducing you to our programme so that you can benefit from being in school for the first week of the new academic year. KNSTE are very fortunate to have a supportive partnership of schools and during the course we hold a variety of sessions in a range of these schools which enables you to gain from the expertise of a variety of experienced teacher colleagues. Colleagues on the full-time route spend 3 days in school and 2 days in our teaching centres. We do also offer a two-year part time route and further details can be found further in the brochure. Towards the end of January, you complete your time in placement 1 and return to the SCITT for two weeks of the programme. During this time, we focus on a wider range of subjects and professional capabilities. In your second placement, the amount of teaching time in school increases. You are supported throughout the placements by one Lead Mentor (LM) and one General Mentor (GM) from each of your placement schools.

What qualifications will you achieve?

Upon successful completion of all of our programmes, you will gain QTS (Qualified Teacher Status). If you are on the QTS & PGCE route, you will gain QTS together with a Sheffield Hallam University PGCE (Post Graduate Certificate of Education) Award worth 60 Master's Level credits. You are assessed through written assignments, presentations and enquiry tasks.

Our Specialisms

In addition to the PGCE and QTS Awards, KNSTE offers recognition of your subject or phase specialisms. These include:

- Art and Design
- Early Years
- English and Performing Arts
- Geography and History
- Modern Foreign Languages (MFL)
- Physical Education (PE)
- Science, Technology, Engineering and Mathematics (STEM)
- Special Educational Needs and Disabilities (SEND)

Alongside your specialisms, you will benefit from additional specialist qualifications including, Philosophy for Children, Thinking Moves and Understanding the Emotional Wellbeing & Mental Health of Children and Young People.

KNSTE Placements

Below is an approximate map of our partnership schools and the area that we work within. Our partnership of schools are predominantly within Stoke-on-Trent and Staffordshire but we also provide placements in the Cheshire, Shropshire, Derbyshire and South Staffordshire areas.

How do we choose our placements?

We take into consideration transport, travel time, care commitments and children/family in schools to find the most suitable placement school for you.

Where will SCITT sessions be?

We are relocating in the academic year 2024-25 to a brand new learning hub which is situated on the Kingsgrove Secondary School site (ST7 4DL). The majority of SCITT sessions will take place here.

Trainees are supported by tutors and mentors who care about them. These staff go out of their way to offer trainees meaningful guidance and support, both at the training centre and whilst on placements.

JOIN OUR NEXT OPEN EVENING

Our open evenings are available both face to face and at our learning hub (ST7 4DL).

To find out more and to book on to one of these session go to our website:

www.knste.set.org/events

"To work within a special school helped me to develop different skills and an alternative perspective that not only benefited me during that placement but has ever since because it has allowed me to consider the needs of all pupils and develop my practice accordingly."

- Trainee Teacher

Two Year Part Time Programme

KNSTE is proud to offer a two year part time route for all its primary courses. The flexible pathway is particularly directed at career changers or those with caring responsibilities. It is a rigorous and demanding programme, and colleagues who benefit from this option need to be highly organised. It does offer the opportunity to combine your commitment to the programme with other aspects of your life.

How does it work?

In Year 1 you will benefit from blocks of core, professional and subject knowledge sessions and blocks of school experience. These will be on a Thursday and Friday. The proportion of time that you spend in school will increase in the Summer Term of Year 1, but will not exceed two days. The course runs from the end of August through until the end of the school year (towards the end of July) and you will be placed in one school throughout the year. During your second year you will spend three days per week with us, during the Autumn and Spring Terms, two of these will be school based (Wednesday and Thursday) and Fridays will be SCITT based. In the Summer Term of Year 2 you will then need to commit to spending 9 weeks full time in your second placement school. The reason for being full-time during your final term of Year 2 is so that you can assure yourself and ourselves that you can sustain the demands of full-time teaching. This will enhance your employability as well as develop your passion for the profession. You can opt to complete your Early Career Teacher programme on a part-time basis following your successful achievement of your ITTE course.

Assessment Only Route (AO)

The AO route is intended for very experienced graduate teachers without QTS. Applicants will have a wealth of prior teaching experience. Many will be currently employed as unqualified teachers or Higher Level Teaching Assistants (HLTAs). This experience will include responsibility for planning, teaching and assessment of whole classes of fifteen or pupils or more during the last 2-3 years prior to the commencement of the 12 week assessment period. This experience should be gained across a minimum of two different settings. Applicants must have been responsible for teaching and planning in both schools.

Assessment within a Special School, Independent School or Secondary School Setting

We are pleased to offer the opportunity to be assessed in a special school, independent school or secondary school setting. We must assure ourselves that all applicants have the capacity to teach across the full ability range for the age groups for which they are to be assessed. Additionally, we will assure ourselves that applicants have the capability to teach whole classes. Often this can best be evidenced through a second school placement. We are happy to help to facilitate such placements. We welcome individual discussions so that we can enable applicants to secure appropriate pre-assessment evidence.

To apply for the AO route, please complete the expression of interest form and self assessment matrix which can be found on our website at: <https://www.knste.set.org/assessment-only-route/application-interview-process>

"An efficient, rigorous route to gain QTS for highly skilled and experienced practitioners who are deemed job ready."

- Deputy Headteacher

QTS & PGCE or QTS Only

Alongside our QTS & PGCE route, we also offer a QTS only pathway to teaching. A comparison of the two options below may help you in making the decision about which route might be the best for you.

Key Differences	QTS + PGCE	QTS Only
SCITT sessions	✓	✓
Full time or Flexible Route option	✓	✓
Eligible for Student Finance	✓	✓
Full time Fees	£9,250	£8,250
Flexible Fees	£5,750 + £5,750	£5,750 + £4,750
<u>Masters</u> credits / Assignments	✓	x
Student Status	✓	x
Internationally recognised	✓	x

What Others Say...

“KNSTE is a consistently outstanding teacher training and professional development partner for us. Their support of, and care for, every cohort of trainee teachers is second-to-none. This care goes beyond the training year through their direct support and, importantly, the good work of their network of partner schools and academies.”

“We have found that each teacher completing the innovative KNSTE training programme is well prepared for the demands of what is a fantastically rewarding career.”

“Such is our faith in KNSTE that almost every one of our new teachers has qualified through them!”

-Local Academy Principal

“The mentors are a credit to the course. They offer guidance and support throughout the SCITT sessions. I always look forward to my SCITT sessions and I feel like I learn something valuable in each lesson.”

-Trainee Teacher 2023-2024

“The course offers a well-rounded curriculum covering essential teaching methodologies, educational theories and practical classroom management techniques.”

-Trainee Teacher 2023-2024

“KNSTE have really helped me, through the enquiries, to think deeper about my practice as a teacher.”

-Trainee Teacher 2023-2024

How to apply

We very much hope that you will be excited to apply to train to teach with us!

We recommend an early application.

For guidance and support on applying, please visit the 'PGCE Programme' tab on our website.

PLEASE NOTE:

Applications to us should be submitted via the GOV.UK service.

During the application process, you will be asked to nominate two referees. If you have completed your degree within the last 5 years, one of these must be an academic reference.

KNSTE is the provider that acts on behalf of a large partnership of schools across Stoke-on-Trent and Staffordshire. This includes the Golden Thread Teaching School Hub (www.goldenthreadtsh.co.uk). You need only submit one application to us. If you are electing for the Flexible, SEND or QTS only routes please select KNSTE; for all other specialisms there is no difference between KNSTE and GTTSH in terms of the programme.
