Pride Month 2022

Be informed: A summer of love

Throughout the **summer**, the **LGBTQ+** community will be having **Pride events** across the **UK**. This year is extra special as it marks **50 years** since the first **Pride march**.

Although this is a time for **celebration**, it is also time for the **community to take a stand against prejudice and abuse**, such as stereotypes or offensive language.

Knowing the **right words to use** can help us all to be **more understanding** of the LGBTQ+ community and **show our support**.

How do I make sure my voice is heard?

We can only hope. It's shocking we still need to ask this so hopefully that indicates it will.

Every day people become more understanding and accepting of people's differences.

Will your generation see the end of LGBTQ+ prejudice?

There are still some people trying to drive society apart. I worry we're not done with division yet.

Prejudices can be transferred from generation to generation, hating without knowing why.
