Thursday 21st May
- ✳ **Break up for half term**
Friday 22nd May– 3:30pm
- ✳ **Return to school**
Monday 1st June

People Day-Inventors

We recently enjoyed a successful 'People Day', where the focus was on inventors. The aim of these days is to build children's general knowledge of significant individuals who have made important contributions to the world.

During the day, pupils explored what it means to be an inventor and learned about a range of influential figures, discussing how their ideas and creations have had a lasting impact on society.

It was a valuable opportunity to inspire curiosity and deepen understanding across the school.

Take a look at year 6, who focused on Albert Einstein, exploring his groundbreaking ideas and the lasting influence of his work on modern science.

Sun Safe

The KS2 children recently took part in an engaging Sun Safe workshop delivered by the team from the Melanoma Fund UK.

During the session, pupils explored the science behind UV rays and learned how exposure to the sun can affect their skin.

They also discovered practical ways to stay safe outdoors, including the importance of sunscreen, hats, and seeking shade

Year 6 SATs

Year 6 children will be completing their SAT assessments during the week beginning the 12th May.

They have worked incredibly hard and participated in Booster clubs after school to help them prepare. We are very proud of the commitment they have shown to their learning. We will be having 'SATs breakfast' in the hall every morning Mon–Thurs from 7:45am for that week only. This will be a free breakfast for all Yr 6 children and we encourage all to attend.

Book Fair

We are excited to announce that the Scholastic Book Fair will be in school next week, running from Tuesday 5th May to Friday 8th May. The fair will take place in the main hall each day from 3:35pm to 4:00pm, giving families a great opportunity to browse and purchase a range of books. A card reader will be available, with payments accepted via contactless or chip and pin. We look forward to seeing you there!

Scooters and Bikes

Please remind children to dismount from scooters and bikes as soon as they come through the main gate.

They should be wheeled carefully and sensibly to the storage racks to help keep everyone safe on site.

Uniform

We would like to remind parents and carers that school shoes/school trainers should be black to ensure children are dressed appropriately for the school day.

With the warm weather arriving, please also ensure that names are written clearly inside jumpers and cardigans to avoid them being lost in school.

Thank you for your support in maintaining our school uniform standards.

Parent Maps

All parents should now have received a parent map.

These will be shared at the start of each new topic and are designed to give a clear overview of the key learning, themes, and subjects your child will be covering throughout the term.

They can also help you support learning at home by highlighting important areas of focus. Copies of each parent map will be available on the school website for easy access at any time.

REMINDER

With the hot weather coming, don't forget to bring a water bottle to school each day.
