### Ladybridge Learning Conversations

Do you ever ask your child, 'What have you been learning at school today?', and they respond, 'Nothing'? Well, ask them these questions instead, and see what they say! We'll be sending home two weekly questions per year group to support your learning conversations at home. Look out for these on Class Dojo and here on the newsletter!

### Class Focus

Each week, we focus on work undertaken by a different class. This week, it was the turn of Reception B who say ... This week, our focus has been about pirates. On Wednesday, we received a letter from Pirate Pete. He set us a challenge to follow a map and find treasure hidden in our school. The children had to carefully follow the correct route on the map which directed us to the KS2 playground. Upon arrival, we found a treasure chest filled with gold coins and a letter. The letter told us that Pirate Pete wanted the children to create their own maps of the classroom. The children did a fantastic job of creating their maps and used positional language well when following their map to find their hidden golden coin.

### Q&A

Q. Tonight you will receive your child's end of year report. You may notice that the number of 'possible attendances' is different for different children. Why is this?

A. 'Possible Attendance' is the number of sessions (am and pm) that your child could have attended school. The maximum for this year, at the time of writing the reports, is 358. However, any absences that are marked as covid-related are completely removed, and therefore, get removed from the overall absence figure and 'Actual Attendance' figures.

### Heatwave!

Early next week, extremely hot temperatures have been predicted.

- Please put sunscreen on your child before school.
- Please ensure they bring water/have their water bottle in school.

**EVERY** day counts  
attendance matters

### Attendance Matters

Be in school all day, every day.  
Our attendance target is 96.5%
