Ladybridge Learning Conversations

Do you ever ask your child, 'What have you been learning at school today?', and they respond, 'Nothing'? Well, ask them these questions instead, and see what they say! We'll be sending home two weekly questions per year group to support your learning conversations at home. Look out for these on Class Dojo and here on the newsletter!

Reception	<ul style="list-style-type: none"> Can you find 3 different ways of representing number 2? Can you explain what an owl's habitat is?
Year 1	<ul style="list-style-type: none"> Can you name the four seasons? What happens during autumn?
Year 2	<ul style="list-style-type: none"> What is the most efficient way of working out $7+5+3$? What materials can be recycled?
Year 3	<ul style="list-style-type: none"> How should you hold a pencil when shading? There are 5 bags of apples. Each bag has 3 apples in. Write the \times and \div calculation for this word problem.
Year 4	<ul style="list-style-type: none"> What is the difference between rural and urban in geography? What is 36×10 and 27×100?
Year 5	<div style="display: flex; align-items: center;"> <div style="border: 1px solid black; width: 30px; height: 30px; margin-right: 10px;"></div> <div style="margin-left: 10px;"> $\frac{\quad}{6} = \frac{4}{24}$ </div> </div> <ul style="list-style-type: none"> How do you think buildings would be different in France, in comparison to England?

Good bye and good luck to Ms Woodley.

After 10 years at Ladybridge, Ms Woodley has left this week to join the teaching staff of Firwood Special School - we wish her all the best.
