Class Focus

Each week, we focus on work undertaken by a different class. This week, it has been the turn of RB, who say ... we have been learning about the importance of recycling. In order for the children to understand this, we have been reading the story of 'Someone Swallowed Stanley', which follows Stanley's journey as a plastic bag in the ocean. We have focused on how plastic can be harmful to sea creatures and the children designed their own posters to raise awareness of recycling. The children also got the opportunity to explore different used materials, and we discussed how these need to be recycled properly.

"Penny Wars" 2021

Earlier this week, we launched our Penny Wars competition. Each class is taking part by collecting as much loose change as possible. The competition will run until the last week of term, when the winning class will receive a fantastic treat!

Each class has their own collection pot, so please continue sending your pennies into school.

Which class is going to win?

REMINDER

Dinner Money Price Increase

The Local Authority have advised that, regrettably, from September 2021, the cost of KS2 school dinners will be rising to £2.20 per day (£11.00 per week). The new menu will include increased choice and age-appropriate portions, in line with School Food Standards. More information will follow.
