

Our Learning Environments

The school is well resourced with 14 spacious, light and modern classrooms, as well as a number of additional learning rooms for ICT, cookery, art and nurturing. There is a good sized hall, used for P.E. and also for dining at lunchtime. There are three large playgrounds and a football field, surrounded by vast grassed playing areas. There is a tyre park for the younger children and an adventure trail and climbing wall for the older ones.

In recent years there has been a complete refurbishment of the school, moving us to two form entry. Extensive development of the school grounds, including a wildlife area, planting areas and outside seating, has also been undertaken. In addition to this a full refurbishment of the reception class outdoor area, this creates a stimulating and creative learning environment.
