HEAD'S UPDATE

Dear Parents and Carers,

I am sure like me, many of you watched the football on Wednesday night. The children know all too well that I am absolutely useless when it comes to knowing anything about football but even I couldn't help but get a little excited when Ollie Watkins scored that tremendous goal in the final few minutes!!!

In all of the excitement though there was one bit of the interviews afterwards that really stayed with me. Watkins said: "I said to Cole he was going to set me up and I would score" Watkins knew that he couldn't do it alone - it was a team effort. With Cole at his side, it was possible. It was possible because they had practised it hundreds of time in training, it was possible because they believed they could, it was possible because they knew each other well and they could communicate without words even from opposite sides of a pitch, It was possible because they trusted each other.

Our Year 6 children gave us a wonderful performance this week of their Year 6 show. As I watched them all from the side, I witnessed the same qualities in our children that our footballers showed us the day before. The way our children supported each other, encouraged each other, helped each other when it went wrong, celebrated together when it went right, trusted each other and worked together was incredible to watch!

Our value of the month this month is friendship and, as I have watched how wonderfully this fantastic group of young people have gelled over this last year, I have seen that value being demonstrated in abundance!

Well done Year 6!
